

Canadian Liver Foundation
Fondation canadienne du foie

Bringing liver research to life
Donner vie à la recherche sur le foie

The Canadian Liver Foundation – President and Chief Executive Officer (CEO)

Established in 1969, the Canadian Liver Foundation (CLF) was born out of the passion and concern of a committed group of business leaders and doctors who believed that liver disease needed a champion. With the help of volunteers, patients and families, researchers, doctors, donors and corporate supporters who share a vision of a world without liver disease, CLF is bringing liver research to life. The organization has grown to support funding in the lab, programs and patient support in the community, and education and advocacy to support those living with liver disease.

The Canadian Liver Foundation is seeking an outstanding President and CEO to lead the organization through its next stage of growth, success and modernization. The CEO is responsible for the overall management of the Canadian Liver Foundation. This involves supporting the Foundation's mission to support liver disease research, to provide education to physicians and the public about liver disease, to advocate for patients who have liver disease and to provide support programs for those living with liver disease.

As a strategic thinker, dedicated professional and self-starter, you are a skilled leader who is passionate about building relationships, driving transformation, growth and serving as an effective advocate for patients. You have had exposure to fundraising and understand the competitive philanthropic landscape in which Canadian charities operate. You know how to open doors to create business and partnership opportunities, leveraging value and developing strategic alliances. You have a strong understanding of marketing and communications and have experience with branding through the use of current technology and social media. You have worked with a Board of Directors, donors, volunteers, community leaders, and stakeholders and are capable of building a culture of trust and respect through your competence and confidence. You are also a seasoned and grounded decision-maker who understands the importance of prioritizing objectives to effect change.
