

ECHO Liver

Mondays | 12:00 - 1:30pm

Diagnose and manage your liver disease patients through interactive online medical education. This **12 part series** is geared to primary care providers in Ontario.

Each session includes

A short didactic on diagnosis and management of liver diseases & an interactive case based discussion with real de-identified cases.

ECHO Liver specialist team

Co-chairs: Dr. Jordan Feld, Dr. Hemant Shah

- Hepatologist
- Family medicine
- Nurse (RN & NP)
- Pharmacist

About the program

Connects you to an inter-professional specialist team

Present your real patient cases (de-identified) for recommendations and support

Videoconferencing (online)

CPD accredited

No cost (ECHO Ontario is funded by the Ontario Ministry of Health)
